

Dear Youth, Parents, and Potential Counselors,

It's hard to believe that almost one year has passed since I first joined you here at FBChurch Garden Lakes. When I arrived last April, we made quite a rush to get prepared for summer camp, as it was fast approaching. Luckily, by our departure date, our students had raised the needed funds to financially support several campers and counselors, we had gathered 14 campers and 4 counselors to attend, and we all witnessed 2 lives given to Christ because of it all! Praise The Lord. Though we have ample time to plan this year, I want to make sure we redeem the time by planning well in advance! Here are some details that need your attention. Please call me, the office, or Mrs. Kristy with any questions.

Pastor Jeffrey Stachmus

**Camp Dates: July 8 – 13, 2012**

**Total Camp Cost: \$325 (transportation cost may be additional)**

**Age Requirements: Entering 7th in the fall through newly graduated HS seniors**

**Camp Experiences: Students registering in a timely manner may choose from camp experiences that help them explore their spiritual giftings. These include an emphasis on defending the faith, leading in worship, and serving in missions; As well as the traditional Zona Camp experience.**

**Early Registration:** As soon as possible, please **complete and return** to church office the included **intent to camp form**. A deposit of **\$100 per camper is due to the church office by March 15<sup>th</sup>**. I know this seems early, but if you recall, last year our students were unable to participate in the various camp ‘experiences’ because we delayed in making our deposits.

**Transportation:** Last year, we were able to use personal vehicles and the church van to travel to our camp, located in California. This year, based on the number of campers expected, we may be required to rent transportation, or travel with another church group on a chartered service. As details regarding our transportation and possible costs develop, we will keep you advised.

**Fund Raising:** Several fund raising opportunities have already been made available this year. If your student participated, a report is available from the office showing the amount your student has earned to date. You may require additional assistance in order for your student to attend. Last year, our service projects were successful, but labor intensive for our leadership. In order to continue service projects this year, we need the involvement of our youth parents and camp counselors. If you want more information about raising funds through service projects, please refer to the service projects attachment. We will continue to explore other fund raising opportunities and keep you informed as these are confirmed.
